RITIK KUMAR VERMA

Motivated 3rd year Computer Science student adept at problem solving, quick learning, and collaborating as a team player. Possessing strong analytical skills, I excel in challenging environments, consistently delivering innovative solutions. Eager to expand my knowledge base, I embrace new technologies and programming languages with enthusiasm. Committed to achieving excellence, I am driven to make a positive impact in the field of computer science.

SKILLS

- PYTHON
- JAVA
- HTML
- CSS
- MYSQL
- JAVASCRIPT
- GIT
- Problem-Solving

EDUCATION

BACHELOR OF TECHNOLOGY
- **CSE (AI)**
  NIET , GREATER NOIDA
  2020 - 2024

LANGUAGE

English
Hindi
German

PROJECT

Project Name : Gender & Age Detection
Language & Framework : Python , OpenCV
Role & Responsibility :
- Developed computer vision project using Python and OpenCV.
- Implemented image processing tasks and algorithms.
- Conducted research for project requirements.
- Analyzed and processed images for desired outcomes.
- Troubleshot technical issues and debugged code.

Project Name : Image Steganography
Language & Library : Python , Stegano
Role & Responsibility :
- Hiding a computer data file in a bitmap image and also retrieves the hidden data file
- Research and tools for project requirements.
- Analyzed the output and accuracy .
- Debugged the code.

CERTIFICATION

- Object Oriented Programming in Java (Coursera)
- Blockchain Basics (Coursera)
- Cryptography (Coursera)
- Full Stack Web Development (IIT Roorkee)
- Programming fundamentals using Python (Infosys Springboard)
- Emotonal Intelligence (NPTEL)

HOBBIES

- Cooking
- Cricket
- Badminton
- Listening to Podcasts or Interviews
